Kristine,

I would assume this schedule is likely to be completely different given the current dispute. It would be great to hear EPA's perspective on schedule implications on the TCT call this week.

Subject: Draft FS Revision Process; Updated Matrix Table and Action Items List for 29-August-14

Kristine,

The following email is provided on behalf of Amanda.

Kristine -

Please find attached an updated FS Revision Process Matrix. Please let us know if we have accurately captured current schedule status.

Also attached is a summary list of action items compiled from the last 14 technical meetings (COCs, PRGs, RALs, SDUs, Technology Screening Matrix, PTW, SMAs, Buried Contamination, Disposal Sites, CDF Treatment, Dredge Depths, Source Material, and Alternative Development and Screening) and the recent two draft Section 1 meetings. Changes since last week are shown in red. This action item list status reflects that LWG will provide comments on FS Section 1 later today.

Let us know if you have any questions about any of this.

Thanks much.

Amanda Shellenberger, P.E.

Thank you,
